 Introducing PatronBooksInPrint.com18-19

Q. Why should I use a professional tool like Bowker's BooksInPrint.com when there are free search tools on the web?

A. Because professionals need authoritative and unbiased information and time-saving workflow features only available on Bowker's robust interfaces.

Use this Quick Guide to learn Features such as:

Stock Availability—to locate a vendor which has the title you've found, whether active or out-of-print, ready for immediate shipping.

Download—enabling you to capture title details in a POS, library automation system, or plain text format for the next phase of your workflow.

BIP Alert—which notifies you if new items are added to the 5.6 million+ database that meet your personal Saved Search criteria.

Hooks to Holdings for Libraries—which can tell you if a title you have identified is available at your library, or, if you subscribe, where to find it in OCLC's WorldCat.

These features and many more, as part of your professional workflow, will save you and your staff hundreds of hours over the course of the year and bring higher quality results to those you serve.
